

# Parking Requirements at St Patrick's Basilica Campus

School starts at the Basilica Campus at 8:30am and finishes at 3:00pm.

## IN THE MORNING

Street side parking is available and is FREE till 9:00am. This is on

- Point
- Parry
- Ellen
- AFTER 9:00AM parking is not free. Please purchase tickets.

Paid parking is also available at the Woolworth's underground car park. The entry is via Adelaide Street. If you spend \$10 at Woolworth's Fremantle, you get \$2.00 back on your parking.

We encourage parents to use the drop off zone or kiss and drive in the morning. This is accessed via Adelaide Street driving past the loading bay of Woolworth's. **Do not under any circumstance park in the angled car park bay near the kiss and drive.** This is permit parking for St Patrick's staff during school hours. The staff have parking permits on their windscreens. Although we have many full time staff, some staff have later starts or only work part time. If parents park in the staff bays (even for a few moments) it forces staff to try and find paid parking and possible delays to their start time. The angled car park staff bay is owned by Wilson's Parking. They patrol this Carpark before, after and during school time and will give you a \$60 fine if parked there without a permit and or/wheel clamp your car.

*We thank you for your understanding on this matter.*

As we have a new entry to the school on the Ellen street side at the administration office, parents have also used that area as a kiss and drive. They drive to the gates on Ellen Street, the children exit the car and enter the gates to the under cover area.

After 8:35, the only entry to the school is via Ellen Street. This is our duty of care to make sure all other exits of the school are locked and to ensure the Administration Staff can see who enters the school.

## IN THE AFTERNOON

Paid parking only on

- Point
- Parry
- Ellen
- Or pay at the underground car park at Woolworth's.

## DRIVE THROUGH PICK-UP via Parry Street in the afternoon

In the afternoon, parents are welcome to drive through to collect their children. At 3:00pm the Parry Street gates will be opened. At bell time each class group lines up to the right of the drive through area and sit waiting for their parents. Parents enter via Parry Street, driving through the undercroft area. The Assistant Principal will ask your child's name and the child will be escorted to the car.

We would like the older grades (Year 4-6) to be collected at 3:10. This staggers pick up to ensure that we do not block Parry Street for other traffic nor contravene any road rules.

## WET WEATHER PROCEDURE IN THE AFTERNOON

The same procedure applies to the above, with the exception that the children will be seated in the undercover area to be collected. Traffic cones will be placed to show where the parents must drive to.
